It was also confirmed that despite the Local Authority having built the path with bricks, it seems the responsibility to maintain the path lies with BT as the legal owner. The Local Authority are in contact with BT over the matter and will update the Community Council in due course.                                                                                                        |        |  |

However, the County Council has advised that that there was no non-domestic rates assessment for the Car Park and they intend to charge the Community Council rates on the Car park as from 1.4.23. The clerk advised that she has disputed this move as the responsibility over the car park remains with the County Council.
